

Power Grid

Electrify the country by building power plants and transmission lines for fun and profit.

Tournament / Regular Game:

Tournament Game

Player Experience:

Power Grid is a game for which rules will not be explained. It is expected that players will have played the game prior to this event. If you would like to play but do not know the rules it will be your duty to make sure you get someone to teach you. There will be many opportunities prior to the con, and there is open gaming at the con where you can try the game.

Variant:

No variant will be used. The base game will be played.

Tournament Structure:

Power grid will be played in a two level format. The winner and second place will advance to the final. The initial game will be played on the America map and the final will be played on the Germany map.
